

# Happy Endings

Thanks for following up. We are thrilled with our new porch. The contractor was proactive, respectful, and knowledgeable and kept me informed throughout the project. They came in exactly on budget, fixed a couple additional little things during the process and were just a joy to work with. We will definitely be using him for future work (as soon as the porch is paid off!). Many, many thanks to HomeServicesLink for providing this connection. What a find!

Ray was fantastic. He was prompt, very reasonable, and professional. We bought the wrong type of fan but he was able to help us with everything else. Thanks for everything!

Thank you for your great service. I tell everyone about your services and how you can help in finding good contractors. Thank you again.

You run a clean shop at HomeServicesLink. Your handyman was very professional, and also came

prepared with supplies to do a job more complicated than expected. Despite the fact that he had to replace the entire disposer unit, he was done quickly and only charged us 1 hour labor (+ the disposer). And he went out of his way to ensure the disposer would not be easily damaged in the future, in addition to double- and triple-checking his work. I've been looking for an excuse to use HomeServicesLink so I can get first-hand knowledge of what quality business you run. Your team did well, and I'll be pleased to recommend HomeServicesLink in the future whenever the opportunity arises. Thanks also for the follow-up. I hope you're doing well. Take care.

Just a quick note to thank you for your contractor referral to prep our home for sale. He provided excellent workmanship. We were very pleased with his professional skills and pleasant manner. I hope that you put him at the top of your referral list for home projects. Again, thank you for the referral.

I didn't get a chance to thank you for your prompt service and handling of the service issue at my home. The response was immediate and a service call the same day on a “very trivial”, “non-repair” as it turned out to be was tremendous. He couldn't have been nicer and charged a very nominal fee. I won't use anyone other than HomeServicesLink from now on. Thanks so much.

The contractors did an excellent job and everything looks great...now I am not quite sure how to proceed. Can you get someone to fix the drivit at the garage door since that is the only thing that they could not do? Also we have a bathroom upstairs that has a bathtub and we would like for someone to take out the bathtub and put in a shower. Do you think that someone could come and look at that? Also the contractor is working with us to fix the stone outside. Thanks for all your help and this service is wonderful!!

Your service has been a godsend to me for getting my honey-do list completed because my honey can't do anymore.

The plumber contacted me within hours and fixed it the same day. Great service. Thanks.

We are extremely happy with all the work the contractor has done with our house. To find such a decent and honest guy who also does great work is really difficult - especially when you are new in the area like us. We are hoping to expand our kitchen - hopefully this summer. We do need some help from a designer to think things through properly and give us

ideas on how to extend, and how to best lay out the kitchen. If you have a couple of people who do this sort of thing, we would be really grateful if you could provide us with their details. That way we can get things moving. Thanks again for recommending these people - it is a great service you provide.
